

2020 BREAKING PARKINSON'S GOLF OUTING

COVID-19 PRECAUTIONS

We take seriously our obligation to your health. The below precautions and changes to the event are being put in place for this reason. The Michael J. Fox Foundation will continue to closely monitor and respond to the COVID-19 situation as it evolves. Our sincere thanks for your continued commitment to helping speed a cure for Parkinson's disease.

FACE MASKS

The Michael J. Fox Foundation will provide face masks for each golfer. **Facemasks are required in the clubhouse unless you are seated at a table.**

TEE TIMES

Winged Foot Golf Club will be introducing tee times for the 2020 golf season. By using tee times, golfers can arrive separately, register at separate and distanced tables, and have access to the Clubhouse, all while maintaining safe and comfortable social distances.

- + Tee Times will be assigned in 15-minute increments on respective courses.
- + Golfer may only arrive 30–45 minutes prior to their assigned start time. If someone should arrive earlier, they will be required to wait in their car.
- + Upon arrival all guests will be asked to sign a waiver.

SANITATION

The Club will be following strict safety guidelines as it relates to the overall sanitation of the facility, food handling and employee health. Every morning, the Clubhouse will be completely sanitized, employee temperatures will have been taken, and protective equipment for the staff will be in place. Winged Foot has invested in **Viking Pure**, a highly powerful all-natural cleaning agent that is used every morning to sanitize the clubhouse before guest arrive as well as throughout the day.

SOCIAL DISTANCING

Guests and staff must practice social distancing. During golf outings, the Club will offer a staggered registration process, alternate assignment of locker room floors (upper and lower), and allow guests to enjoy any numbers of sitting areas that will be configured to accommodate proper table spacing. **Should golfers feel comfortable, caddies are now allowed on the course with each foursome.** Individual push carts are available upon request but very limited. Should any player choose to use a pushcart then they must take a forecaddie instead (staying ahead of the groups, assisting with locating balls and raking bunkers).

SAFE FOOD HANDLING

The culinary team will provide a French service buffet, excellent snacks, and bar beverage service — all of it done to Winged Foot style. They will be utilizing their outdoor space to accommodate golfers.

- + All prep cooks and chefs are required to follow all DOH/ servsafe code.
- + All prep cooks and chefs must wash their hands using appropriate soap for 40 seconds prior to starting any task.
- + Staff is required to wear masks and use single use gloves for all tasks. Gloves must be changed after each task.
- + All food will be served on your choice of recyclable single-use containers or regular china/silverware.
- + All condiments and snacks will be single use, including ketchup, mustard, mayonnaise and potato chips.
