2027 MVP Awards Celebration

Each spring, fundraisers and events that raise $10,000 or more are invited to New York City for MVP, a special weekend featuring community connection, the latest in Parkinson's research, and plenty of inspiration. We would love to celebrate with you in 2027!

Save the Date: April 2–3, 2027

- **Friday, April 2:** Meet & Greet
- **Saturday, April 3:** Research Roundtable, followed by an evening MVP Reception and Awards Dinner

Ticket Qualifications

Ticket allocations are based on total 2026 fundraising:

- **$10,000–$49,999:** 3 tickets
- **$50,000 or more:** 6 tickets

Guidelines

- Fundraising totals will be calculated based on all eligible 2026 fundraising recorded as of **January 10, 2027**.
- Ticket invitations are non-transferable; not all tickets need to be used for you to attend.
- The fundraising minimums above apply to all individual fundraisers, regardless of team affiliation.
- If you have questions about your ticket allocation or would like to discuss extenuating circumstances, please contact **RSVP@TEAMFOX.ORG**.

Individual Fundraising

- Any individual who raises $10,000 or more as part of an event or event team will qualify for their own MVP tickets.
- Qualifying fundraisers will receive an individual notification confirming the number of tickets they have earned.

Team and Event Fundraising

Collective Fundraising

For events that raise $10,000 or more through individual and/or team fundraising:

- The **Event Host or Team Captain will receive 2 host tickets**.
- These host tickets are separate from any tickets earned through individual or team fundraising.
- Individuals and teams earn tickets based on their own fundraising totals and the qualification tiers above.

Collective Fundraising Example: Fundraising Event Y raises a total of $65,000:

- **Event Host:** Raises $5,000 and receives **2 host tickets**.
- **Fundraiser A:** Raises $10,000 toward the event total and receives **3 tickets**.
- **Fundraiser B:** Raises $50,000 toward the event total and receives **6 tickets**.

Each qualifying fundraiser earns tickets based on their individual fundraising total, while the Event Host receives two separate host tickets.

Combined Fundraising

An event's fundraising will be treated as combined fundraising when:

- Contributions are made through a shared team or event page and are not attributed to individual fundraisers or teams; or
- No individual fundraiser or team raises at least $10,000.

In these cases, tickets will be allocated to the event as a whole based on the qualification tiers above. The Event Host or Team Captain will be notified of the total ticket allocation and will be responsible for determining attendance among the event's supporters.

Combined Fundraising Example: Fundraising Event Z raises $65,000 through a shared event page

- **Event Host:** Raises $5,000
- **All other fundraisers/team members:** Raise less than $10,000, collectively adding up to $60,000

Based on the event's combined fundraising total, **6 tickets** will be allocated to the Event Host or Team Captain. They will distribute the tickets among the event's supporters in recognition of their collective efforts.
