

Parkinson's Disease Therapeutics Conference

Thursday, October 13, 2022, New York, NY

7:45 AM **Breakfast**

8:30 AM **Welcome Remarks**

Sohini Chowdhury | MJFF

8:45 AM **Advances in Parkinson's Therapeutic Development**

- Session Introduction: *The Parkinson's Disease Therapeutics Landscape - Today & Tomorrow*
Brian Fiske, PhD | MJFF
- *A Novel Therapeutic Strategy for Rescuing Neurons from Mitochondrial Dysfunction in PD*
Roland Staal, PhD | Lucy Therapeutics
- *Addressing the Cholinergic Deficit in Parkinson's Disease*
Arthur A. Simen, PhD | Takeda
- *Developing a PPMI Prodromal PD Cohort for Disease Prevention*
Ken Marek, MD | Institute for Neurodegenerative Disorders
- Fireside Chat (Panel): *Building Hope in the Parkinson's Pipeline*
Facilitator: Brian Fiske, PhD | MJFF
Panelists:
Stacie Weninger, PhD | FBRI F Prime Capital
Kevin McFarthing, PhD | Research Advocate

10:20 AM **Networking Break / Poster Viewing**

10:50 AM **Advances in Existing and Emerging Clinical Measures (Part 1)**

- Session Introduction: *Diagnostic and Progression Biomarkers to Accelerate All Therapeutic Programs*
Mark Frasier, PhD | MJFF
- *PD Biomarker Vanguard: α -Synuclein Seed Amplification Assay*
Lana Chahine, MD | University of Pittsburgh
- *Imaging Biomarkers in PD Therapeutic Trials: Where We are Now and Where We are Going*
John Seibyl, MD | Institute for Neurodegenerative Disorders
- *Digital Health Technologies in PD Therapeutic Development: State of the Art*
Josh Cosman | AbbVie

12:00 PM **Lunch / Poster Viewing**

1:15 PM **Advances in Existing and Emerging Clinical Measures (Part 2)**

- Session Introduction: *Tools to Measure Meaningful Change*
Mark Frasier, PhD | MJFF
- *Patient-Centered Clinical Outcomes Assessments*
Glenn Stebbins, PhD | Rush University Medical Center
- *Slowing Progression of Parkinson's Disease: Are We Closer to the Finish Line? How Better Outcomes Will Advance Tx*
Tanya Simuni, MD | Northwestern University
- Panel: *Blueprints for Breakthroughs: How Better Endpoints Will Drive Future PD Trial Design*
Facilitator: Katie Kopil, PhD | MJFF
Panelists:
Mark Frasier, PhD | MJFF
Lana Chahine, MD | University of Pittsburgh
John Seibyl, MD | Institute for Neurodegenerative Disorders
Josh Cosman | AbbVie
Glenn Stebbins, PhD | Rush University Medical Center
Tanya Simuni, MD | Northwestern University

2:45 PM **Networking Break / Poster Viewing**

3:00 PM **Emerging Targets and Approaches for Target Identification**

- Session Introduction: *A Primer on the Landscape of Emerging PD Targets*
Shalini Padmanabhan, PhD | MJFF
- *Proteogenomics in Parkinson's Disease: Implications for Precision Medicine*
Fiona Elwood, PhD | Janssen
- *Genetic Targets for PD Drug Development*
Nicholas Wood, PhD FRCP FMedSci | University College London
- Panel: *How Can We Prioritize and Validate Targets for PD Therapeutic Development?*
Facilitator: Shalini Padmanabhan, PhD | MJFF
Panelists:
Fiona Elwood, PhD | Janssen
Nicholas Wood, PhD FRCP FMedSci | University College London
Manuela Polydoro, PhD | Muna Therapeutics
Jim Sullivan, PhD | OrbiMed

4:20 PM **Special Guest Presentation and Q&A**
Jimmy Choi | MJFF Patient Council Member

4:40 PM **Closing Remarks**

Sohini Chowdhury | MJFF

5:00 PM **Cocktail Hour/ Reception Begins**
