Test Challenge Today

**Your nose knows.** A simple scratch-and-sniff test could help scientists learn more about risk of brain disease.

THE MICHAEL J. FOX FOUNDATION  
FOR PARKINSON'S RESEARCH

# Research needs you today.

Ongoing smell loss may be one of the most important signals of risk to brain health as we age.

A new study from The Michael J. Fox Foundation for Parkinson's Research is exploring this link. We're calling on everyone age 60 and older without Parkinson's to take a simple scratch-and-sniff test and contribute to this important research.

Request your test at [mysmelltest.org/partners](https://mysmelltest.org/partners)  
or scan the QR code.
